

AWV 20 S

AWV exhaust air system with installation on the external wall

- Very quiet. Fan noise is scarcely audible through the external installation of the unit.
- Particularly suitable for redevelopment and retrofitting.
- Quick and low-cost installation. Fan with external grille and shutter.
- Easily removable fan cover, for maintenance and installation.
- Impeller with blades curved to the rear, optimised efficiency, low maintenance costs.

- ① AWV external wall fan
- ② Exhaust air element
